EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 14-19 have been cancelled.

In claim 11 line 2 of, "of said" was deleted and - - of said- - was inserted.

In claim 13 line 2, "of base" was deleted and - - of base- - was inserted.

In claim 13, line 12, "said heating device" was deleted and - - said kiln- - was inserted.

The following is an examiner's statement of reasons for allowance: the primary reason for allowing the instant claims is that the cited prior art fails to disclose or reasonably suggest steps e-k of claims 1 and 13. The closest prior art (For your Home, article from stainedglassart.com) only discloses placing stringer and chip glass onto a glass sheet and then heating the glass sheet, stringer glass and chips such that the surfaces pieces fuse onto the glass sheet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. References A-H, N and the non-patent literature cited in PTO-892 have been cited to show the state of the art.
